

10th
ANNIVERSARY

Your Trusted Partner in Chemistry Solutions

Founded in 2014, **SynSmart** is a leading provider of synthetic chemistry services to global pharmaceutical, biotechnology, agrochemicals, fine-chemicals and food & fragrance industry. Our team of 100 people prides themselves with expertise in providing chemistry solutions from mg to multi-kg scale.

Emerging Chemistry Research and Development Organization (CRDMO)

Seamless chemistry services from early to commercial supplies.

Spectrum of Chemistry Services

Extended offerings through partnered services

Think Molecular
Computational chemistry services

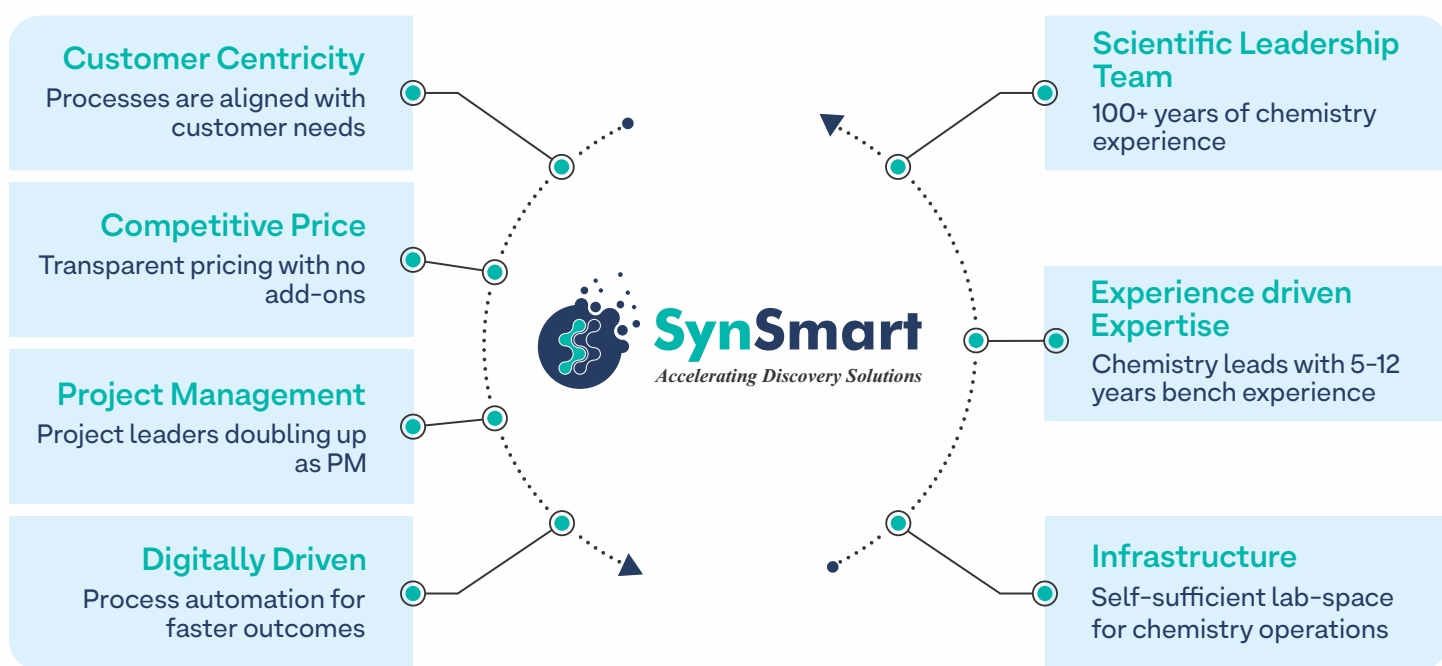

Galore Therapeutics
Complex peptides services

Vivo Bio Tech Ltd.
Your Drug Discovery Partner

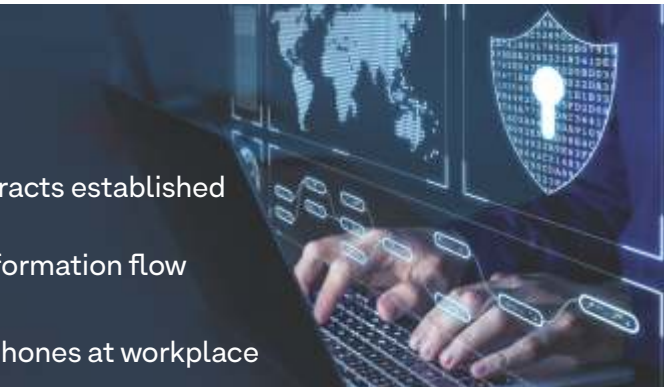

Vivo-Biotech
ADME-PK and toxicology services

Why work with Synsmart?

IP Security and Safety Policy

IP Security

- Access controlled lab space
 - Information sharing on need-to-know basis
 - Intellectual property is assigned to customers via contracts established before project initiation
 - External drives disabled from all computers limiting information flow
 - Project information is saved on secure servers
 - Restriction on use of personal electronic devices and phones at workplace
- 

Safety Policy

- Safety training and audit on monthly basis
 - Compliant with local SHE legislations
 - Zero tolerance on PPE non-compliance
 - Safety management process
 - Emergency preparedness drills
 - Accident / incident reporting system
 - Zero liquid discharge ETP set-up
- 

Smart Infrastructure

Discovery Lab

- 3 access-controlled labs
- Bench top fume-hoods (26 nos.)
- Rotavapors/chillers (5 per lab)
- Combiflash (5 per lab)
- Jacketed reactors up to 50 litres
- Pressure reactors / PAR, hydrogenators

Analytical Lab

- UPLC-MS (Waters SQD-2 Single Quad)
- LC-MS (Sciex Triple Quad)
- GC (Schimadzu)
- Auto-Prep HPLC (Waters)
- Prep HPLC
- HPLC (PDA, ELSD)

Stand-out features

- 7,500 sft modern lab space
- Smart designs to allow for better functionality
- 7-foot wide fume hoods for better productivity
- Energy efficient, ASHRAE 110:2016 compliant high performance fume hoods with VAV system

Our Values

Passion

Working together in harmony to offer bold, innovative and creative solutions

Learning

Building a culture of humility and continuous learning and seeking opportunities to offer smart solutions to help accelerate discovery

Team-Work

Believing in team-work to exceed customer expectations

Customer Centricity

Keeping customers' need as our top-priority at all times

Balanced Framework: Measure what matters

Weekly project updates

Live operations dashboard

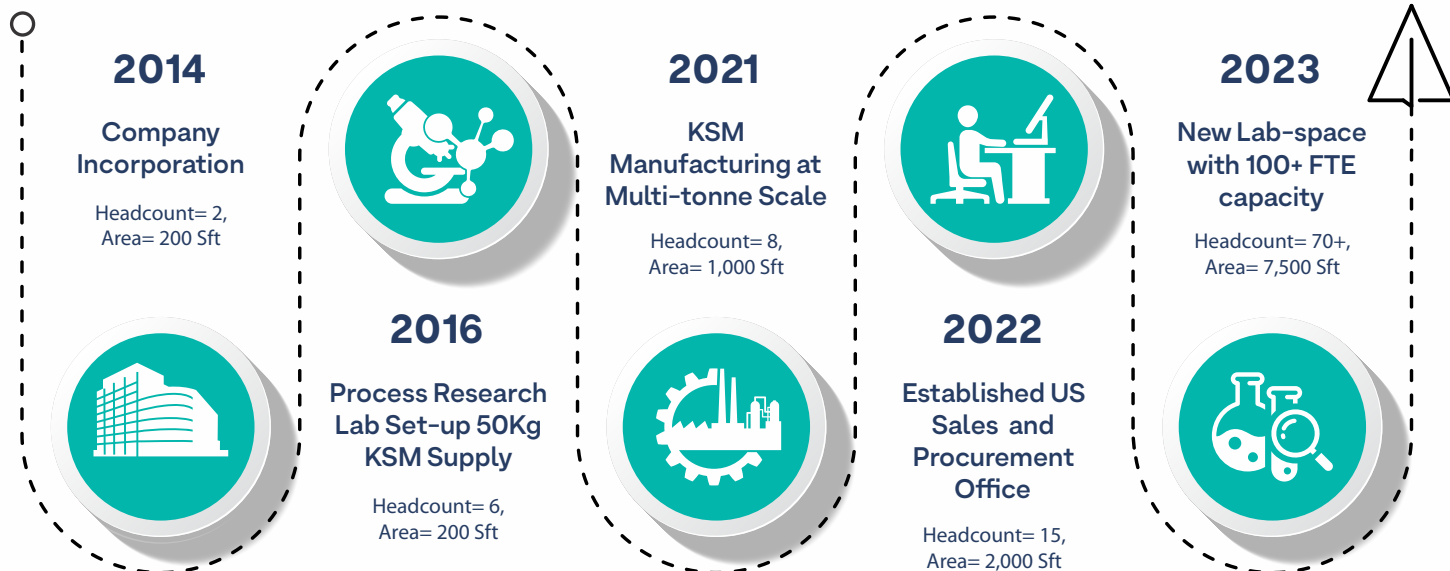

2 reactions per chemist per day

3-4 analogs per chemist per month

Our Journey

Flexible Business Model
